Xpress Wellness Urgent Care Announces Seventh Location – Sapulpa, OK

Sapulpa, OK -- Xpress Wellness announced plans to build a world-class urgent care medical center in Sapulpa, Oklahoma. The new urgent care medical center will be located at 949 East Taft and expects to begin seeing patients in May 2015. Sapulpa is the seventh location for Xpress Wellness.

Xpress Wellness is an urgent care and occupational medicine provider that treats non-life threatening illnesses and injuries on a walk-in basis (no appointment needed). Xpress Wellness is open 7 days a week with extended evening hours and weekend services. In addition to high quality medical care, Xpress Wellness focuses on convenient services and reducing wait times. Services include “get in line” with online check-in option that allows patients to wait at home or where they are most comfortable. Online check-in feature is accessible through the company’s website www.XpressWellnessUrgentCare.com or mobile site.

The urgent care center will consist of six private exam rooms, triage room and a procedure room. The center will have computerized radiology services, lab services, diagnostic testing and EKG onsite. Comprehensive medical care services for adults and children will be provided including care for common illnesses, sprains, strains, lacerations, flu, allergies, infections, sports physicals, etc. Medical services for employers and employees include pre-employment physicals, DOT physicals, pulmonary function tests, drug testing, and treatment for work-related injuries. Insurance and other forms of payment will be accepted.

Xpress Wellness is a privately-held company based in Enid, Oklahoma. The company is led by Dr. Scott Williams, Chief Medical Officer, and Brian Hayden, President. Xpress Wellness has six other locations in Oklahoma (Enid, Elk City, Weatherford, Shawnee, Muskogee and Woodward).
